A Sammi Mitchel Mystery

Shoshana Barer

From the all-seeing eyes of the new Queen of the Horror, Suspense, Mystery Genre comes the latest Sammi Mitchel Mystery.

A mad doctor, obsessed with the gorgeous eyes of TV Star Sammi Mitchel's assistant, believes that collecting her eyes will reveal to him the secrets of the Universe!

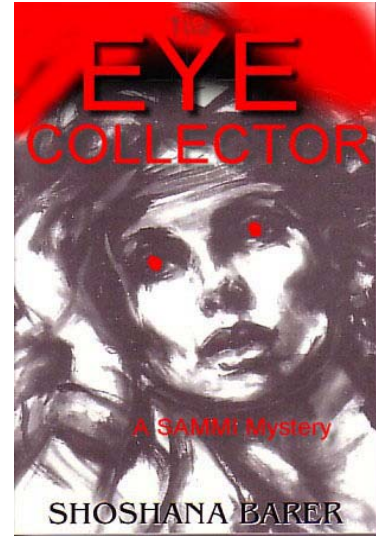

Recovered from surgery after her face was raked by the "Forked Tongue Killer", TV Star Sammi Mitchel is hosting a new show, The Jewish Maven Cooking Delicious! But her new assistant Jacki is blinded by love for Ophthalmologist Dr. Josh Andrews, whose father takes the words of William Blake literally: "Collect every color of both eyes and ye shall open the immortal eyes of man to eternity." Detective Jonathan Myers suspects Sammi's Producer Joey Phillips who is in love with her.

HOOKERS GREEN in NEW YORK

An Art Mystery

Hyacinthe Baron

WELCOME TO THE RIDE OF A LIFETIME! Join the Barons and you too can play Art Detective.

Another innovative and brilliant Art Mystery: 90% memoir, 10% fiction and 100% great story!

An artist's palette evokes hues and clues to solve the Art Mystery and with a twist The Barons can take their revenge! A promise kept opens the Hyacinthe Art Gallery on Madison Avenue and a dress business in the garment center. A gold thread pulled from a hand painted piece of silk fabric leads to the murders of a Gay Designer and a nude artist's model. Greed and jealousy point to a glamorous society queen, a rich pornographer, a Japanese Prince and a Greek Ship Owner. The biggest surprise is to come when a NYC Detective unravels a secret!

In 1978, after the ride of a lifetime, *New Yorkers*, artist *Hyacinthe* and agent-hustler husband *Ed Baron*, return to New York from California, to fulfill his promise (they married in 1971) to open an art gallery in their townhouse on Madison Avenue in New York City. Memories are like a motion picture, when, on opening night, *Sandy Miller*, the nude model posing in the window of the gallery, next to the portrait Hyacinthe painted of her, is strangled with a single golden thread pulled from a silk fabric, hand-painted in *Hookers Green*, a color that reveals hidden gold threads. Ed sees *Matsuda* the Japanese fabric importer escape through the crowd with a single gold thread--a lifeline to a secret cult, and a disgrace that can ruin him with the Emperor. The dead model was a high-price Hooker and a Stripper-Performance Artist who invited guests to lick chocolate off her nude body at *the Playhouse Supper Club*, a cabaret in the *Playhouse Mansion* next door to their townhouse, part of the empire built by *Roberto Guconni*, Publisher of *Playhouse Magazine*, and a porn film producer. Guconni commissions Hyacinthe to design a dress made of the fabric for his mistress *Christina*, TV Hostess of the "Happy Hour" show, gives the Barons money to go into the fashion business, turn the gallery into a boutique and open a factory-showroom in the garment center. From NYC to Japan to an island in Greece, the interesting characters unravel secrets woven together until Hyacinthe's artist's palette reveals the hues and clues to solve all the art mysteries.

Jack Bentley, B.COMM., CA, describes his “little” but powerful book: “This book is alive with good old down home explanations of money matters and finances, in other words, economics.
